

## CLIENT TESTIMONIALS

Damian aims to be the provider of choice for payroll funding and back office services to the staffing industry. Toward this end, we serve our clients ethically, honestly and with integrity. We solicit client feedback, and every day we strive to improve the quality of our services and our products through attention to detail, responsiveness and communication.

### SEE WHAT SOME OF OUR CURRENT CLIENTS HAVE TO SAY:

“Damian has taken the time to get to know my employees as well as the way I like to run my business. I think of Damian’s staff as part of my own company. They celebrate our success with us and pitch in when we’re having troubles.”

~ ***Ginny Ford, Founder and President, Ford Personnel***

“Flexibility. Damian has given us the ability to grow our business by reducing the tax and accounting burdens so that we can focus on the critical elements of our business, such as sales.”

~ ***John Stallworth, President & CEO, Trades Unlimited***

“Simply put...without Damian Services there would not be an Atlas Employment. After several months of research and inquiries with other companies, Damian was the ONLY company that took a personable approach to what our ambitions and needs were in entering the very competitive world of temporary employment. Their “sincere” approach was refreshing!”

~ ***Mike Zinno / Diane Zinno / Cheryl Fiore, Owners, Atlas Employment Specialists***

“With Damian, you get more for your money. Damian is always there for us, whenever and whatever we need them for. There is a great level of comfort between Damian and my company. From the very beginning my sales rep, Chris Mueller, held my hand in the process and was there to assist me, even on the weekends. Damian provides top-notch customer service; I’d recommend them to anyone.”

~ ***Kelly Davis, Owner, Carolina Staffing***

“Damian Services Corporation has given us the flexibility to concentrate on our core competency, which is the implementation of Performance Programs. They have taken the administrative responsibility for our payroll, invoicing, tax filing, and account receivable functions, which has freed up time that was pivotal in tripling the size of our client base this year.”

~ ***Gary M. Hayes, President, Performance Dynamics***

“Damian has been instrumental in helping us get our company up and running. Giving us the peace of mind from the early stages that we could open our doors and actually pay our employees once we began generating business.”

~ ***Michael Fabian, CEO, TopJob Staffing, Inc.***

“In a word, Damian equals growth. Partnering with Damian has allowed our company to grow without limits. While other companies have calculated if they can afford to add a new consultant (and grow), we have done it with no restraint. Thank you Damian.”

~ ***Jeffery Goldman, President, Adam Jacobs Associates, Inc.***

“Damian gives our company peace of mind. They’re a great business partner and they give us the flexibility to focus on our clients.”

~ ***Mike O’Connell, Co-Owner, Ryan Miller and Associates***
